Huiling Wu

huwu55@gmail.com | (415)290-2905 | https://www.linkedin.com/in/huwu55/

SKILLS

Programming languages & Technologies: Object-Oriented Programming, JavaScript, Python, Salesforce Apex, Java, C++, C, HTML, Lightning Web Component, CI/CD, CSS, jQuery, Bootstrap, NodeJS, Rest API, ReactJS, SOQL, MySQL, SQL, Bash, Shell Script

WORK EXPERIENCE

State Farm   Tempe, AZ
Software Engineer   *December 2021 - Present*

- Design & implement online application flow which involves consuming API, data passing, and developing user-friendly UI
- Refactor & update Python-written utility tools to improve work ability and efficiency
- Investigate & resolve occasional workflow errors, which increases the service success rate from 48.7% to 98.7%
- Lead a team of 8 & provide consultations on technical implementations

Software Developer   *February 2020 - December 2021*

- Consolidated technical skills on Salesforce-based software using Apex, Java, JavaScript, and SOQL
- Researched feasibility of new technology, summarized pros and cons, and identified technical debt for product enhancement

EDUCATION

UC Berkeley Extension Coding Boot Camp
Full-stack web development

- Learned coding platforms including JavaScript, HTML, CSS, jQuery, Heroku, Git, MySQL, NodeJS
- Improved coding analysis and architecture by performing self-programming and group programming

University of California Davis
Bachelor of Science in Computer Science

- ECS 30, 40 - Software & Object-Oriented Programming in C, C++
- ECS 60 - Data Structures & Programming
- ECS 122A, B - Algorithm Design
- ECS 140A, B - Programming Languages: Java, Prolog, Lisp
- ECS 150 - Operating Systems
